

Sinclair Broadcasting seems to have forgotten that it uses the public airwaves free of charge and federal law requires it to serve the public interest-- which is not what is currently planned. The public has seen far too many lies regarding Senator Kerry already without Sinclair using its un-earned power to control the stations owned by its company. Politically controlled media is a giant leap toward a police state and away from democracy.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Obviously, the media needs to be required to adhere to guidelines of honesty, integrity and straightforward truth in order to obtain a license.
